

SCIENCE in Grade 4

Mrs. Kristen Phillips, Room 104

Subjects	Major Topics
Grade 4 Science	In Science, we will be studying concepts like Living Things, Ecosystems, Earth's surface, Patterns on Earth and in Space, Matter, Energy, and Forces and Motion. Students will engage in experiments, view videos on the topics, and will have homework/tests to ensure understanding. Students will also participate in a Reptiles project 3 rd quarter, and Amphibian project 4 th quarter.
